

# NATION'S CHIEF EXECUTIVE PAYS SECOND VISIT TO BERKELEY, COLLEGE CITY

## WILSON DROWS PORTION OF S. F. SPEECH

SAN FRANCISCO, Sept. 18.—Not all of the 20,000 persons who sat and stood before President Wilson at the auditorium last evening could remember today much of what the president said because but a portion thereof was able to hear him. The auditorium never held such a crowd before, and its density and size prevented the executive's words from reaching the back of the hall. Only in the last half hour of the address was the turbulence of the earlier evening, caused chiefly by the discomfort of overcrowding, assuaged or the president generally heard.

Particularly the address was given over to an answer to the objections that have been raised against the League of Nations, on the basis of Monroe Doctrine violation, British vote preponderance, operation of Article X, the situation at Shanghai and other points. The "battle" for right in the organization of modern society was a theme to which he devoted much of his attention.

The evening address covered all the ground of the talk he gave at the Palace hotel luncheon, tendered him and Mrs. Wilson at noon by women of the city. There were 1600 women in attendance at this luncheon with Mrs. E. J. Mott acting as chairman. In the beginning his speech was interrupted with cheers, but from then on, though applause frequently interrupted him, the interest displayed in his remarks was one of even-tempered and serious consideration.

Neither Major James Rolph Jr. nor Chester H. Rowell, programed as other speakers last evening, was able to make himself heard above the initial din at the auditorium. The same noise persisted while the president spoke, but finally died away as interest in his address encouraged calm.

## LEWIS DECLARES WILSON FAVORS 'SOCIALIZATION'

CHICAGO, Sept. 18.—J. Hamilton Lewis today said the term "socialization" applied to his yesterday in predicting President Wilson will declare himself soon for "socialization of all resources," was coined by the President himself.

Lewis, in a speech here, said the President will declare for socialization of all resources—including railroads, coal and oil.

"The man who has been called 'socialization' is the man who is necessary to the use of the government should be put under a system by which they will serve the uses of all society without discrimination," Lewis said.

"This plan differs from Socialism, which does not include the item of recompense to owners," Lewis said. He predicted the President will occupy much of the President's next message.

## Music Diverts Throng Awaiting President

BERKELEY, Sept. 18.—While more than 10,000 people waited this afternoon for the arrival of President Wilson at the Greek Theater, a musical program was presented as a means of entertaining the big audience.

The program started at 2:30 o'clock with the following artists participating:

The Athenian Quartet, Eugene Winchard director—Richard Broke, first tenor; C. A. Kleser, second tenor; J. N. Anderson, first bass; Richard Lundgren, second bass.

The Sacramento Chamber of Commerce Quartet, William F. Myers, director.

Selection by the University of California Band, Allen, director.

## Ex-Crown Prince Has Escaped "Again"

PARIS, Sept. 18.—A rumor has again reached Paris, by way of Zurich, that the former Crown Prince Frederick William of Germany has returned to his native country.

## CALLUS? 'GETS-IT' WILL PEEL IT OFF!

Nothing on Earth Like Simple "GETS-IT" for Corns or Calluses.

A callus or thickened skin on the sole of the foot which makes walking a misery, is of the same nature as a corn. "GETS-IT" removes it as easily as it does the

"GETS-IT" and Ducts. Even with Corns toughest corns. By using a few drops of "GETS-IT" on the callus, you will be able to peel it off with your fingers, in one complete piece, just as you would a banana peel. It leaves the skin free and smooth as though you never had a corn. "GETS-IT" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work play and dance at ease in spite of corns.

"GETS-IT" is the only cure guaranteed in a money-back corn-remover. Get it at any drug store, or write to J. Lawrence & Co., Chicago, Ill.

## Named for Industrial Conference McNab Is Among West's Delegates

Twenty-two men, representing all parts of the United States, and from all walks of life, have been invited to represent the "general public" in the industrial conference, called by President Wilson for October 6 in Washington, this making sixty-six men in all at the session. Union labor and employers have each been given twenty-two men, the third list, picked today, being the "general public" list, or men chosen from the public at large as neither employers or workers.

The conference, which is planned to establish the "new order" in handling labor problems, will be held in the East room of the White House, President Wilson to preside at the session.

**WEST'S REPRESENTATIVES.**  
Gavin McNab, San Francisco attorney, and Louis Titus, capitalist, represent the West. In Wilson's new list of delegates, which is as follows:

Gavin McNab, attorney of San Francisco.  
Louis Titus, attorney of San Francisco.  
Bernard M. Baruch, former chairman of the War Industries Board, and this government's economic representative at the Peace Conference.  
O. E. Bradford, Xenia, Ohio, president of the Ohio Farm Bureau Federation, and chairman of the committee of state farm bureaus, whom McNab called on the President recently in connection with the fight against the high cost of living.  
Robert S. Bookings, St. Louis, retired business man.  
Ward Burgess, Nebraska.  
Kuller R. Callaway, cotton manufacturer of La Grange, Ga.  
Thomas L. Chadbourne, New York City.  
Charles G. Dawes, Brigadier General in the American Expeditionary Forces, and the army's chief purchasing agent in France. He is president of the Central Trust Company of Chicago.  
Dr. Charles W. Eliot, Northeast.

## Chinese Denide Pledges of Japan Protest Presented Wilson at S. F.

Expressing the belief that Japan will hold all of the economic and strategic advantages which the peace treaty will give her and not treat these rights as merely temporary, the Chinese National Welfare Society today protested against the peace treaty, delivered to President Wilson at the Hotel St. Francis in San Francisco yesterday at a Shantung protest. The document sets forth the contents of the society's protest.

To His Excellency Woodrow Wilson, President of the United States of America—Sir: The Chinese National Welfare Society in America, whose object is to promote closer intercourse between the people of the United States and the Republic of China, and whose members number more than 10,000 Chinese in the United States, while assuring you of their utmost loyalty, take this means of conveying to you the feelings of the Chinese people on the Shantung question.

Japan already a powerful hold upon China and we cannot regard the Shantung award as otherwise than a great danger and calamity to China.

While it seems to be considered by many people that the rights given to Japan are of a temporary nature, the facts clearly indicate that the rights given to Japan will hold all the economic and strategic advantages which the treaty will give her.

The Japan population of Tsingtao has increased from a few hundred to nearly 300,000.

## L. LANDSBERGER URGES HIGHER PAY OF BERKELEY DIES FOR CITY WORKERS

BERKELEY, Sept. 18.—Following a brief illness, Louis Landsberger, commission man, clubman and prominent in bay city affairs, died today at the family residence, 2710 Elmwood avenue. The name of Landsberger was identified with California affairs for many years, his parents having been San Francisco pioneers, in which city he was born. A widow, Mrs. Philomena Landsberger, a daughter, Miss Lorraine Landsberger, and a son, Ramon Landsberger, all known in Berkeley and Alameda county social affairs, survive. The funeral will take place Saturday afternoon, services being held at Oakland Crematorium.

Landsberger was a member of the Olympic Club, San Francisco. His business was also situated in the transbay city. He had been identified with important California viticultural interests for many years. The family removed from San Francisco to this city seven years ago, residing here continuously since.

## Resolutions Endorse Labors of President

Resolutions commending the labors of President Wilson at the Peace Conference, approving the League of Nations and promising the President full support and co-operation were adopted yesterday by the American Safety and Allied Service Leagues, and the Commoner and American Clubs, meeting in Oakland.

The gathering commemorated the one hundred and thirty-second anniversary of the adoption of the United States Constitution. A patriotic program was held, marked by community singing; the reading of Longfellow's "Ship of State," and addresses by Herbert Lloyd, secretary of the American Safety and Allied Service Leagues, and Thomas H. Reed of the University of California, upholding the treaty. Dr. P. L. Herlihy, representing the American Commoners, presided.

**ENGINE COACHES DERAINED.**  
Sausalito, Sept. 18.—Traffic on the Northwestern Pacific line at Green Brae, near here, was held up throughout the night by the derailment of a coach carrying the University of California football team. The derailed coach was taken to the station and the train was held up for several hours.

**40,000 San Diegans Will Hear President**  
SAN DIEGO, Sept. 18.—Fully 40,000 people, the largest audience he has had on his present tour, are expected to hear President Wilson speak at the Stadium here tomorrow afternoon. The glass stand in which the President speaks is ready, and the electric devices which will carry his voice to every corner of the huge bowl, have been tested and found entirely satisfactory. The city is decorated with flags and has taken on a gala appearance.

## Wilson Receives Second Welcome at State University

BERKELEY, Sept. 18.—When President Wilson visited Berkeley this afternoon he received his second welcome at the hands of the university officials in less than ten years.

In 1910 as governor of New Jersey and a probable Democratic presidential candidate, Woodrow Wilson delivered the annual Phi Beta Kappa address at the State University, speaking to an audience which filled the Greek Theater.

At today's gathering he was welcomed by practically the same group of college heads. Dr. Benjamin Lee Wheeler, who presided at the 1910 meeting as president of the university, occupied a place of honor on the stage today, but as a secondary figure in the role of president.

Reminiscences of the earlier visit were exchanged, however, between the former college head and the president at an informal reception held at the president's house on the campus following the official campus welcome.

## WILSON GETS BIG WELCOME IN EASTBAY

(Continued from Page 1)

West on a very determined, underlying mission which will find articulate expression at the great mass meeting tonight in the Municipal Auditorium, will be afforded during that time when he returns from Berkeley about 5 p. m. and the hour when he is scheduled to make his address in Alameda county.

Apartment at Hotel Oakland carefully guarded and protected from intrusion awaited his coming which was immediately at the close of the program on California Field.

The President party will dine in private, an especially prepared menu of California products having been prepared in their honor.

The doors of the Municipal Auditorium will be opened to the public at 6 o'clock, when the first of those to enter the great arena will be no reserved seats save for the citizens' executive will be open to a limited number of press representatives.

President Wilson's address, the most important piece of information, and oratory which the people of the United States will have heard since the United States entered into a world war, has all ceremony subordinate to its delivery tonight. The formalities, attendant upon the launching of the speech by the chief executive will be abbreviated to a minimum. The program will be occupied by members of the Presidential party and the citizens' reception committee only.

President Wilson will leave Oakland tonight en route to Los Angeles.

## Business Waiting For Treaty: Wilson

SAN FRANCISCO, Sept. 18.—Debate ratification of the peace treaty is injurious to American business, President Wilson told San Francisco business men in a luncheon speech today. He said conditions were similar to those existing during a financial panic.

Business plans cannot be made until the treaty is accepted, Wilson declared.

Wilson, in discussing world conditions, said the industrial structure of the United States would have to be reconstructed.

There was loud applause when he predicted America would be a member of the League of Nations. The President smiled broadly at this demonstration.

"The peace of the world is absolutely and immediately indispensable to us," said Wilson. "There will be no market for our goods if there is war. If the United States plays true in this great enterprise," he asserted, "it will incur the hostility of all the rest of the world."

Wilson said that economic conditions against America, he predicted. Business is held up, Wilson said, while the world waits to see what the United States will do.

## Thanked for Syria And Armenia Aid

At the Greek theater Mayor Bartlett was to hand the following letter to President Wilson from the Armenian and Syrian Relief of Berkeley, Cal.

"To President Woodrow Wilson, greetings: We, the representatives of Berkeley Armenian Relief, have received and used \$50,000 for the relief of the Armenians, representatives, also, of eight Berkeley citizens now doing relief work in the Caucasus and Turkey, hereby express our satisfaction in your sympathetic attitude toward the Armenians, and pray that you may help them not only to receive food, but also adequate protection."

"CHARLES KEEFER, President.  
"MARGARET W. WILSON, Vice-President."

## Employees Are Given Chance to See Wilson

So all employees might have an opportunity of seeing President Wilson, the Retail Dry Goods Association of Oakland voted to close its stores at 3 o'clock this afternoon. The employees were freed in plenty of time to view the President and Mrs. Wilson on their arrival in the Eastbay.

## Scrofula Rheumatism And Catarrh are Constitutional Diseases

They require a constitutional remedy. There is none better than Hood's Sarsaparilla which thoroughly purifies the blood and builds up health.

## COLLEGE CITY PAYS HOMAGE TO PRESIDENT

BERKELEY, Sept. 18.—Staid academic Berkeley completely forgot itself today in the joy of welcoming Woodrow Wilson, president of the United States.

From the moment President and Mrs. Wilson reached the Berkeley line until they left again on their return to Oakland where they were the center of a cheering, enthusiastic outpouring of college city residents eager to pay tribute.

When President Wilson and his party reached the Greek Theater they found a solid mass of humanity which blotted out every inch of stone in the great amphitheater. Hundreds of college city residents eager to glimpse the nation's chief executive at the welcoming ceremonies.

From the University of California heads had been in the Greek Theater since morning, bringing their luncheons with them in order to gain places of vantage.

## COLLEGE ATMOSEPHERE

It was an academic assemblage, with caps and gowns lending a true college atmosphere, which greeted the president, himself a university leader, when he reached the Greek Theater. Standing on a raised platform erected on the stage for members of the presidential party, university and municipal officials, President Wilson looked on a sea of faces which comprise the student body of the nation's second largest university.

## BOY SCOUTS ON GUARD.

Leaving the Greek Theater President and Mrs. Wilson rode through a lane formed by 500 Boy Scouts to the California Field, where a second noisier greeting awaited them from more than 20,000 school children and other residents of the college city massed on the bleachers. Waving flags, singing the national anthem, and shouting their loudest voices, the school children gave the President one of the most enthusiastic receptions on his long itinerary. Smiling and in high spirits, the president gave the children a better opportunity of seeing him, the nation's chief executive responded happily to the greetings of young America. Three times the official automobile stopped, the president in order to give the children a better opportunity of seeing him, the nation's chief executive responded happily to the greetings of young America. Three times the official automobile stopped, the president in order to give the children a better opportunity of seeing him, the nation's chief executive responded happily to the greetings of young America.

## INFORMAL TEA.

Hospitality of the university was extended further to the President and first lady of the land at an informal tea at the home of Dr. Benjamin Lee Wheeler, president emeritus of the university, where only a small group of university heads were presented to the distinguished visitors. From Berkeley the president and his party returned to Oakland to rest for the evening program.

Leaving the military atmosphere which predominated during the war, President Wilson found himself facing a line of young soldiers in the persons of members of the university's Reserve Officers' Training Corps as he neared the College Avenue entrance of the campus. More than a thousand khaki-clad youths standing at attention lined the path of drivers of the campus over which the presidential party passed.

## MILITARY SWAY CONTINUES.

At the Greek Theater military efficiency again held sway. From the start of seats in the amphitheater a young Scout signaled to another of his company stationed in the Campfire the progress of the presidential party which was related to a waiting stand in California Field. Announcement of the approach of the distinguished guests was then megaphoned to the waiting children and adults.

One hundred members of the Mare Island Navy band came on stage to the waiting school children with a concert preceding the arrival of the president at the football field. The band began its program at 3 o'clock. As the president entered the field the band music gave way to song, the more than 5000 children lifting their voices in the national anthem under the direction of Arthur Farwell, leader of Berkeley's community chorus.

## Mrs. Wilson Settles Fashion Problem 'First Lady's' Smile Is Fascinating

In Mrs. Woodrow Wilson the women of California who will fight on a community property law campaign at the polls probably find a staunch ally. To win an apostle in the person of the "first lady of the land" is no mean victory. From that time when Mrs. Wilson stepped from the train at the Oakland mole yesterday morning until this afternoon when Oakland and Berkeley did her homage as a beautiful and lovely American, the descendant of some of the proudest of the original of a virgin country, and the wife of the President of the United States, she did not hesitate to show that she was her husband's partner, and should to shoulder and heart to heart shared with him equally in all things. There is not the slightest doubt but that Mrs. Wilson is a staunch believer in the equality of women but more particularly the equality of husband and wife.

Another thing Mrs. Wilson did for the women of California who took her straightway to their hearts and who were so glad to see the first lady of the land, was that she did not hesitate to show that she was her husband's partner, and should to shoulder and heart to heart shared with him equally in all things. There is not the slightest doubt but that Mrs. Wilson is a staunch believer in the equality of women but more particularly the equality of husband and wife.

The people gathered today to look upon Mrs. Wilson quite as eagerly as they assembled to see the President. There is a hint of romance which no political figure or statesman could hope to suggest. Democratic, frank in her enjoyment of the laughter of the throngs, easily laughing, it is good for the world to see one who is as surely satisfied and pleased as the wife of the President.

This is her first visit to California. She has been surrounded with roses in typical California fashion and she has been surrounded with the great

## EDITOR OF U. S. DAILY WILL 'TO GET' WILSON

BERKELEY, Sept. 18.—Students of the University of California are out "to get" Wilson, who is visiting on his tour today. But the secret men of the president's party merely want to "get" the president to give them an answer for the college, page "Daily Californian."

The editor of the college sent a telegram to the president yesterday, requesting an answer on behalf of the 8000 students of the university. Secretary of the college, Dr. Benjamin Lee Wheeler, replied that it was impossible for the president to give an answer because so many had been asked that it would embarrass the president to grant the college's request.

But the paper's editor, Blochman, says he will interview notwithstanding—president had best be careful.

RING OF DOOR  
BELL UPSET HERWas Dreadfully Nervous And  
Run Down—Gains Thirteen  
Pounds Taking Tanlac—  
Troubles End.

"I have not only gotten rid of my troubles since I commenced taking Tanlac, but I have actually gained thirteen pounds in weight, and feel better in every way than I have in many years," said Mrs. Mary Dippel, who lives at 1534 Alhambra avenue, San Francisco, the other day.

"Tanicl deserves all the good things that are being said about it," continued Mrs. Dippel, "and since my health failed several years ago it is the only medicine that has done me a world of good. I was in a general run-down condition for a long time. My nerves were so upset I would jump every time the doorbell rang, and I was so restless at night I couldn't sleep very much. My stomach was in very bad condition, too, and I would be so nauseated after eating anything that I could hardly ever retain what I had eaten. I also suffered from dizziness and would often have terrible spells of headache. Then to add to the rest of my troubles, I contracted rheumatism in my right knee and this trouble finally got so bad I couldn't bend my knee at all. My condition just gradually became worse all the time and none of the treatments or medicines I took did me any good at all.

"After hearing so much about the good Tanlac was doing other people, who suffered as I did I decided to give it a trial, and I am mighty glad that I did. It proved to be the very best medicine I had been needing all the time. I began to improve before I had finished my first bottle of this medicine, and I do not feel as if I am building up rapidly ever since. My appetite is just fine and I can eat just anything I want now without suffering afterwards. My strength has come back to me and I can easily do all my housework. I have a family of six to look after, and I do this work without any assistance. I merely mention these things to show just how much real good Tanlac has done for me. I never have those awful headaches any more and never have a sign of that rheumatism in my knee. I take great pleasure in recommending Tanlac to everybody for it has certainly been a godsend to me."

Baby Hospital  
Plans for Its  
Annual Fair

At an enthusiastic meeting of the branches of the Baby Hospital Association the subject of the afternoon was the autumn fair to be held the first week in October. A decorative plan of lattice work of simple design in Italian blue, the Baby Hospital insignia, was decided upon. The Lopez having submitted their plan. These same artists were responsible for the artistic success of the past year. Besides the countless attractions offered by the branches at their usual stands, the fair this year will be replete with novel features. Mrs. T. Arthur Rickard has outlined a fascinating program to be presented by the members of Holly Branch—an Arabian Nights entertainment. It has been decided to open the Auditorium Thursday night as well as Saturday. A matinee is also to be given for the children Saturday afternoon. Mrs. Elwyn Stebbins, director, people in a "Bottle" is the title of the amusing skit, the cast of which will be made up entirely of children. Mrs. Jessica Davis Nahl is designing the setting and costumes.

Elderberry Branch has assumed an additional responsibility. It is a canteen under Mrs. Julius S. McClymont and Mrs. Almerice Coxhead, assisted by a group of National Defenders Club workers. Rolls, sandwiches, coffee and ices will be served the public and the canteen is to be open from noon on and Thursday and Saturday evenings.

Boxes for the ball are to be under the direction of Mrs. Francis Shook. Mrs. William Cavalier will supervise the sale of tickets and assume the role of general manager for the ball Saturday night. Mrs. Percy Walker and Mrs. Fred Sherman will look after the music, and Mrs. A. D. King the decorations.

Mrs. S. M. Marks is president of the board of managers, and Mrs. E. C. Holmes will supervise booths and branches.

## BREAST CANCER CURED

NO KNIFE USED.

Calistoga, Cal., March 28, 1919.

To Those Interested:

The Shirley Treatment cured me of a large and aggravating breast cancer. During the six weeks treatment I got along fine, as I never missed a meal nor lost a night's sleep. It is now over seven years since I underwent treatment, and I can gladly say that I am sound and well.

The Shirley Treatment also cured my daughter, Mrs. A. H. Wood, of cancer of the breast. She is well now and has the best of health. The doctors also cured a neighbor of mine, Mrs. Mary Poland, of a malignant growth in the breast some two years ago. I will gladly answer all letters pertaining to this treatment.

## It's time to think of School Shoes for the Children

*A Special Showing in  
Your Regal Shoe Store*

THE mother who is looking for shoes that will stand the wear and tear of school days is often puzzled to know where she can find the best value for her money.

The essentials are sound, sturdy leathers, the best of workmanship, and lasts which really follow the lines of a child's foot.

We are definitely specializing on children's shoes. Great attention to fitting—for however well made a shoe may be, it does not wear unless it is rightly fitted.

Bring the children in and let us fit them with Regal Shoes. Even if you have to make a special trip into Oakland, the shoes are worth it.

## \$15,000 JEWEL HOLD-UP; MAN, WIFE IN JAIL

SAN FRANCISCO, Sept. 18.—On the complaint of John Stalick, a rancher, who says that on August 17 he was brutally beaten by two men and robbed of \$15,000 in jewelry at his home in Gallup, New Mexico, John Parker, pianist at the Black Cat cafe, and Mrs. May Parker, his wife, were taken into custody here yesterday at their Ellis street apartment, and are being held for investigation. According to the police, they are fugitives from justice, having been indicted by the Gallup grand jury on a charge of assault to commit murder.

The police say that Parker has admitted that he was the "outside" man in the hold-up and robbery, but denies that he actually took part in what occurred in the house. He says that of the two men who entered the house one is known to him as "Domine," a son-in-law of the victim. The other man, he says, came to California with him, but he denies knowledge of his present whereabouts.

The Parkers have been in San Francisco three weeks, and when they were taken to the Hall of Justice they wore clothes of the latest style and a wealth of diamonds. They will be taken back to Gallup for their hearing. The police have no information as to what part the woman took in the affair.

## Calls Lawyer 'Puppy'; Court Fines Him \$50

SAN FRANCISCO, Sept. 18.—Robert P. Troy, attorney, has been fined \$50 for contempt of court as the result of his calling Attorney John D. Rutledge a "contemptible puppy" during the hearing of the Troy divorce suit before Judge Frank Murphy. Troy was acting as his own lawyer in the case, in which his wife, Hortense Troy, represented by Rutledge, is seeking a legal separation. The argument arose over the wife's attorney objecting to the manner in which Troy was reading certain letters, claiming that his inflections gave a wrong impression. Deputy Sheriff J. J. Hurder stepped between the two men to prevent a fight and the judge imposed punishment.

## Charles 'Fluke' Not Count, Says Wife Disillusioned Spouse Asks Divorce

Charles de Lorme was not a French count at all, but just a "fluke," according to the testimony of his disillusioned wife, Mrs. Birdie Gurry of 731 Peterson street, East Oakland, before Judge Joseph S. Koford yesterday afternoon for a divorce. She said that when she married De Lorme she believed his stories about wealth and royalty. When they were married, she said, he revealed himself as a cook in a Greek restaurant in the foreign quarter in San Francisco. The disappointing romance began at the Hotel Oakland, where they became acquainted. She said he told her of his royal ancestry and of how he was a count and possessed of lands to the value of half a million dollars. He casually remarked that he had purchased \$2400 worth of liberty bonds from interest on cash deposits in the banks. His suavity of manner and apparent sincerity convinced her that he was the real thing, she said, and they were married.

## MEDICAL AID IN ARMY COST \$25, WIFE WAS TOLD

The testimony of Mrs. Leonore Pearl Jones, a nurse, plaintiff in a suit for divorce from Raymond Jones, an actor, heard before Judge J. C. Robinson today, threw some light on how reports about extreme conditions during the war got abroad. Mrs. Jones testified that her husband was in the army in camp at Camp Merritt, N. J., and that he wired her he was sick and being charged \$25 for each treatment given him by the army physicians. He pleaded desperation, she said, and told her to send money. Twenty-five times this message was repeated to her. She said she believed it, though it was terrible and sent altogether \$550. She says Jones is a singer who worked in vaudeville. The case is continuing.

## LANDSLIDE BURIED WORKMAN ALIVE

SAN FRANCISCO, Sept. 18.—William McLaughlin, 25 years old, dead as the result of a landslide which occurred on an excavation he was working on at Larkin street near Powell street, was found yesterday in a trench. McLaughlin was suddenly buried in an earthslide, and was suffocated despite the efforts of fellow workers and the fire department to extricate him. The rescue workers worked two hours in an attempt to save his life. The man was employed by J. Oursich, a contractor. The excavation was being made for a foundation.

# Is prohibition going to stay?

*Just what is prohibition going to accomplish?*

*Will it make the laboring man satisfied with his wage?*

*What will become of the men who used to frequent saloons?*

*Will more people have better homes, food and clothing?*

WE'VE been working for prohibition for more than a hundred years—and now we've got it, but—are we going to keep it?

Do you know just who have been behind this movement all these years, and just what they have expected to gain by it? Why have the church members wanted prohibition? Why have the social workers been so tireless in their efforts? How have business men and employers expected to profit? Strangest of all, why has labor advocated prohibition?

Martha Bensley Bruère, in an illuminating article in October Pictorial Review called "What We May Expect From Prohibition", reveals how each of these groups of people expected to gain a different end!

And what have been the results in our own dry states? Mrs. Bruère tells you these things, and the lights she throws on what is likely to happen are certainly most interesting!

Which of these people will win? Temperance people, social workers, church workers, business men, labor—for each and all, Mrs. Bruère has a definite message!

*Who is going to benefit most by prohibition?*

## HOW CAN WE MAKE MARRIAGE MORE ATTRACTIVE?

ALL over the world, there is an alarming increase of bachelors. Some say they cannot afford to marry. Others frankly admit they are too selfish. Young women in appalling numbers have no desire for marriage. They prefer economic independence.

Do you know about the so-called "new morality"—that menace to our home and family life? Do you know of the changes—social, legal, political and economic—that must be worked out before marriage can be made easier and more attractive?

Charlotte Perkins Gilman, in "What is Going to Happen to Marriage," in Pictorial Review for October, shows only too clearly the main causes for the present chaos in the marriage relations. She tells things that many women are thinking without daring to say.

## DOES YOUR HUSBAND TELL YOU EVERYTHING?

OR do you just think he does? He may be like Pelham Madden. And you may be like Mrs. Madden before she found the letter from the other woman in his pocket. Every woman, young or old, can learn a whole lot about managing a man by reading "Happily Married" by Corra Harris, in

Pictorial Review for October. Mrs. Harris sees through men as if they were glass. She knows her own sex just as thoroughly, and in the most amusing way in the world she shows you their little vanities and weaknesses in this delightful serial novel. Don't miss it.

## Other Features in this big October Issue

A message from the Queen of Belgium

## BAKER FINED IN LAND FRAUD CASE

SAN FRANCISCO, Sept. 18.—Springing a surprise on court and prosecution, A. L. Baker, co-defendant with S. A. D. Puter, Berkeley capitalist, in the so-called Oregon land fraud cases, has changed his plea in the Federal court here to guilty, on a charge of having used the mails to defraud. Federal Judge M. T. Doelling imposed a fine of \$250. Baker was indicted several years ago in connection with the sale of applications for government land, and Puter was tried some time ago. The cases have been in and out of court for several years. Five more defendants remain to be tried in connection with the case.

## SIX U. S. NAVAL SHIPS WILL BE SHOWN IN FILM

The six destroyers from the Pacific fleet that visited the Oakland waterfront were filmed by The TRIBUNE-Kinema camera man as they anchored at the municipal docks and are being shown today at the Kinema.

The six greyhounds of the sea attracted considerable attention during their visit to the fast growing Eastbay port. Visitors were allowed aboard the ships to inspect them. Maneuvers with the guns and gunners at work throwing out a "frozen" gun were also filmed and will be shown today. The TRIBUNE-Kinema Weekly also includes pictures of The TRIBUNE carriers' picnic at Idora, where for a day the park was at the disposal of the youngsters.

## LAWLER, BOMB VICTIM, IN S. F.

SAN FRANCISCO, Sept. 18.—Virtually recovered from burns and other injuries sustained in the explosion that recently destroyed their home in Los Angeles, Oscar Lawler, Los Angeles attorney, and his wife and two children have arrived in San Francisco for a visit. They are staying at the Palace.

Lawler and his family were injured as the result of the explosion of a bomb placed under his house by Charles McGwire, a public utilities department employee in the southern city, who had threatened Lawler when the latter appeared in a suit in which McGwire was interested. McGwire later committed suicide by leaping from a window.

## COAST SKIPPER LOST IN TYPHOON

SAN FRANCISCO, Sept. 18.—Captain Albert Lockett, for many years a Pacific Mail captain and famous figure in coast shipping, has lost his life off the China coast in a typhoon, it was learned here today.

The message, from Hongkong, is that Lockett went down while commanding the British steamer Ilarato. Lockett had been in and out of San Francisco since 1890 as a Pacific Mail commander and as the commander of various freighters. He is survived by two daughters, Miss Mabel Lockett and Mrs. Walter Gomperts of this city. He was 62 years old.

To the Honorable

# WOODROW WILSON

President of the United States

**Mr. President:** The Greek people of Oakland extend to you a loyal welcome.

Thousands of Greek residents of the Eastbay district will gather tonight at the Auditorium, anxious to hear some cheering words from your lips concerning the settlement of the Thrace question.

## Will America Deny Justice to Greece?

Providence planted upon the Grecian peninsula a nation which, some three thousand years ago, saved civilization and democracy from the horrors of Asiatic barbarism.

Providence has also planted upon the soil of the Western Hemisphere, a nation which was destined to save civilization and democracy from Teutonic ruthlessness.

This nation "conceived in liberty and dedicated to the proposition that all men are created equal," has become the arbiter of the destinies of mankind, and the dauntless champion of the liberties of the small nations.

Greece, whose national aspirations have always been like those of America, is asking President Wilson and the American Delegates at the Peace Conference, for simple justice in Thrace.

Greece is not asking for the territory of another nation.

She asks only for the territory that has been hers, and that today has a population preponderantly Greek.

Bulgaria, the enemy of the Allies and the enemy of America, whose ruthless barbarity in this war and in the Balkan wars has been equalled only by Teutonic ally, seeks also that part of Thrace which, by every argument of right and justice, belongs to Greece.

Our Allies favor the proposition that Thrace shall go to Greece, yet an American influence at the peace conference has openly urged Bulgarian favoritism in Thrace.

Can we forget that the collapse of Bulgaria—the Prussians of the Balkans—and the turning point of the war in our favor, was brought about in the last Balkan campaign when the Allied army, including the Greek army of 300,000 men, smashed the enemy in his mountain fastness, and with brilliant success dealt that historic blow for democracy which brought about his unconditional surrender?

Can we forget that over 65,000 young men of Greek birth in America enlisted in our Army, fought under our flag, exemplifying a high type of patriotism, loyalty and courage, and upholding the best traditions of the nation.

Can we forget what civilization and democracy owe to Greece for its 3000 years of historic self-sacrifice?

The very soul of America cries for justice and the self-determination of the small nations.

Greece asks America for justice and self-determination in Thrace.

There are 730,822 Greeks in Thrace. There are only 70,000 Bulgars in Thrace.

Will America save this liberty loving race from the alternative which will inevitably lead the Greeks in Thrace to fight against continued slavery under the atrocious Bulgar?

# MAN HELD IN AUTO MURDER IS CONFUSED

Elliot was formerly a barber at the Y. M. C. A. The sheriff says that for several months past he has not appeared, performed no legitimate work.

It is now believed that there was only one man with Minetti when he was murdered and that that man was Elliot.

An additional clue was found yesterday. It was a man's handkerchief, bloody, without initials or name.

**NERVOUS, TRY  
PHOSPHATE**

Nothing Like Plain Nitro-Phosphate  
to Put on Firm, Healthy Flesh and

and Nerve Force.

Judging from the countless examples

ation, coming from the countless preparations and treatments, which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles with the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Due to starved nerves. Our bodies need more phosphate than is contained in modern food. This article explains there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro phosphate, which is inexpensive and is sold by mail order druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro phosphate should produce a welcome transformation in the appearance the

increase in weight frequently brings about a general improvement in the vitality. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to become bright, and the hair to bloom of perfect health. Miss Georgia Hamilton, who was once thin and nervous, writes: "Bilro-Phosphate brought about a complete transformation in my system. I feel better and stronger before I felt so well."

**CAUTION.** While Bilro-Phosphate is a safe and reliable food supplement, common decency, etc., those making it who do not desire to put their names on the label, will find it involving fat-producing foods—Adulteration.

## Key Route Balks at Wage Demands Expenses Absorb 'All' Revenues

Financial conditions will make it all the demands of its employees, according to a statement by John S. Drum, chairman of the re-organization committee, at a meeting of stockholders yesterday afternoon in San Francisco.

Drum explained in detail the situation facing the Key Route system.

Since June, 1917, wage increases had been made which cost the company \$42,343.82 a year. Advances in fares, granted by the Railroad Commission, already have been fully absorbed, he declared.

He said that only last April the War Labor Board had granted the final increase of wages, placing those of the platform men, of whom the company employs 1100, at 43 cents an hour for beginners, 46 cents an hour after three months, and 48 cents an hour after six months, and that in arriving at this decision the War Labor Board had intimated that the schedule would hold in effect until the President proclaimed that the war was over.

**DEMAND 75 CENTS AN HOUR.** Drum said that the Key System was now confronted with a demand of 75 cents per hour for a eight-hour day by the traction men, and 87½ cents per hour for an eight-hour day by the men employed on the Key Route.

He furnished statistics to show that these demands would cost the company, if complied with, \$1,600,000 a year, in addition to the \$750,000 already allowed the employees.

He called upon the chief engineer of the road to say what fare could be charged in order to realize this sum, and Manager Alberger replied that it would necessitate a 10-cent fare.

A bondholder asked how the men's demands would be answered and Drum replied that the committee had decided to express its surprise that such a demand should have been made at this time, detailing to the employees the conditions making the granting impossible.

A vote of confidence in the committee, and a vote of thanks to Chairman Drum were carried unanimously.

Full publicity in the matter was desired, Drum continued, so the public would appreciate the situation. He sketched the history of the Key Route.

Drum told how the thirty original companies had been "bought down," as he expressed it, into eleven, and finally had been consolidated, with twelve issues of bonds and three note issues outstanding.

He pointed out that \$4,816,000 of principal of bond issues had been defaulted, and that interest on bonds to the amount of \$1,100,540 is now owing.

**REVENUES DECREASE.** He showed that although the gross revenue of the company had increased during the last six years to about \$5,000,000 per annum, its net revenue was smaller than it was six years ago, and he said the road had been "robbed Peter to pay Paul," in a struggle to keep up its service.

He discussed the settlement of the franchise question and the valuation of the road by the Railroad Commission, and concluded by saying that this demand of the employees, which was submitted to the

company on September 1, constituted virtually the last straw.

The following embodies the principal facts and figures used by Chairman Drum in his speech:

The San Francisco-Oakland Terminal Railway has paid no dividends since 1912. For sixteen months it has defaulted payment of interest on bonds.

The 11-cent fare on the Key division became effective June 10, 1918, and the 6-cent fare on the Traction division became effective August 21, 1918.

The net operating revenue of the company for the year ended June 30, 1918, was \$1,318,425.86; for the year ended June 30, 1919, it was \$1,382,851.33; taxes and interest not deducted.

The net operating revenue for the year ended June 30, 1912, was \$1,654,518.90; for the year ended June 30, 1913—the first full year of operation as the consolidated San Francisco-Oakland Terminal Railway—it was \$1,685,154.54. Since that year the net has fallen steadily, the figure for 1919 showing a decrease of more than \$500,000.

Since June, 1917, labor increases have been made that cost the company \$742,343.82 a year. The trainmen have demanded an eight-hour day and further wage increases that would amount to \$971,917.11 a year, without considering additional men that would have to be employed if the eight-hour day became effective.

Taking the eight-hour day into consideration, the additional annual cost would be more than \$1,000,000. The 6-cent traction fare and the 11-cent Key fare have added nothing to the company's net revenue; increased operating expenses have more than absorbed increased revenues accruing from advanced fares, as is shown here:

Operating expenses, including maintenance of way and equipment, 7 months, 1919, \$3,435,142.67; 7 months, 1918, \$2,894,244.52; Gross operating rev. 7 mo. 1919, \$3,078,518.82; 7 months, 1918, \$2,602,234.51.

Operating expenses, including maintenance of way and equipment, 7 months, 1919, \$2,000,402.84; 7 months, 1918, \$1,600,402.84.

Increase in operating expenses \$ 601,531.67; Operating expenses over gross revenue, 1919 over 1918, 20,987.83.

That is at the rate of \$100,000 a year.

The Railroad Commission estimates that the 15-cent transbay fare will increase the gross revenue \$400,000 a year. That is eaten up as follows:

Estimated return from increased fare, \$400,000; 25 per cent franchise tax, 21,000; Annual depreciation sinking fund required by Railroad Commission, 240,000; Absorbed annually by increased costs, 100,000; Leaving a balance of "clear money" of in year, 79,000.

The items comprising the increase of \$601,536.67 in operating expenses during the first seven months of 1919 are:

Increased payrolls, \$394,123.96; Increased cost materials, etc., 15,539.40; Increased cost of power, 20,921.32; Increased injuries and damage costs, due principally to increased automobile traffic, 19,295.67; Increase in taxes, 12,679.40; Additional printing account burning of San Jose, 2,950.00.

The financial condition of the San Francisco-Oakland Terminal Railway has reached a point at which immediate attention is required to avert danger to the company, its security holders and the public service. Conditions requiring an adjustment of the company's financial structure are these:

1—Matured, defaulted payments of principal of certain bonds and equipment notes of the traction division.

2—Matured, defaulted payments of sinking funds of all bonds.

3—Matured, defaulted payment of interest on bonds.

4—Matured, defaulted payment of principal of Tide-Lands, Halsey and General Lien bonds.

5—Matured, defaulted trade notes and accounts.

6—Matured, defaulted obligations of construction under various franchises of traction division, such as paving.

7—Deteriorated facilities of traction division which must be replaced at no very distant date.

8—Provision for future capital for additions to tracks and equipment, as the territory develops.

This will apply particularly to the traction division.

## HUNTER LOST FOR TWO DAYS IN MOUNTAINS

ALBANY, Sept. 18.—Wandering for two days in the mountains of Plumas county without food or water, Pietro Villa, well-known business man of Albany, narrowly escaped death while on a deer-hunting expedition from which he returned last night.

Villa, while hunting an elusive deer, became separated from other members of his party. Night overtook him in the mountains and efforts of his party to locate him, as well as frantic endeavors on his part to attract attention by means of fires and shots proved fruitless.

As the second day of wandering in the mountain passed still drew to a close, Villa, driven desperate by hunger and thirst, despaired of being found alive.

All of his ammunition he had used in seeking to attract the attention of hunters, and with no means to obtain food, he sat down and penned two wills disposing of his property. These he fastened on trees in the hope that searchers would discover them.

A tink of a cow's bell brought relief to the stranded hunter, who followed the direction of the sound and found water to moisten his parched throat. Further relief came shortly afterwards when Villa heard shots in the mountains and answered with shouts of joy, finding members of his own party who had spent two days searching for him.

Villa returned to Albany ten pounds lighter as a result of his experience, but was able to assist in carrying home a 205-pound deer brought down by Denis Landrum, a member of the party. Villa, who is engaged in business at 379 San Pablo avenue, is the father of Patrolman Henry Villa of the Berkeley police department.

## Jingle Jolts IT GETS 'EM ALL

I've never seen, in all my days, a man who didn't long for praise. Some may declare this isn't true, but I like praise and so do you; we like to hear some friendly words suggest that we should lead the van.

And women folks are just the same—they like the complimenting game. Just watch the sparkle in their eye, in case you praise the apple pie; or rave about their slither hair, or dainty hands beyond compare.

The old and young, the rich and poor, will smile as long as cheers endure. Praise keeps the actor on the stage, and in the movies it's the rage; they want the praise that is their due—and so do I—and so do you.

When some one says my rhymes are junk it leaves me feeling kind of punk. But if they say my jolts are great, a blush steals o'er my shining pate; and I swell out my manly chest and burst six buttons from my vest.

## COBURN MURDER CASE SECRET DUE

REDWOOD CITY, Sept. 18.—Police officials, attorneys and all San Mateo county await the expected published disclosure of District Attorney Franklin Stuart relative to the Coburn murder case. Secret conferences, the calling of witnesses—in fact, all activities of the county official—lend credence to the belief that some startling statements may be issued at any minute by the man who, since the death of Mrs. Sarah Coburn, Redwood City widow and wealthy, has striven to bring her slayer to justice.

It became known today that the district attorney met Police Lieutenant Charles Goff and Policewomen Katherine O'Connor of the San Francisco force in the metropolis' police headquarters last night. This conference, it is whispered, may result in an early accusation and arrest for the crime. Although the principals in the conference say that the meeting was one held merely to review evidence and go over testimony of the recent all-night questioning session, headed by the district attorney, others in a position to say believe that events of great portent may follow.

## Pleasanton Mourns

### Aged Woman's Death

PLEASANTON, Sept. 18.—Deirdre Brophy, who died in San Francisco a few days ago at the age of 94 years, was one of the first settlers in Pleasanton having come to this section in early days. After engaging in farming extensively, on land now owned by the Spring Valley Water Company, the Brophy family moved to town and later to San Francisco. Mrs. Brophy was the mother of eight children. The funeral took place in San Francisco with interment in the Holy Cross cemetery at Menlo Park.

## TWO MEXICAN SOLDIERS IN MUTINY SHOT

MEXICALI, Lower California, Sept. 18.—Two of the eight Mexicans found guilty of participating in the mutiny of Mexican soldiers September 8 at Alamos, Lower California, were executed here today. Six others were sentenced to short terms in the penitentiary at Mexico City. Two were acquitted.

The two men executed were Refugio Acero and Jose Beleran. They were escorted to the new cemetery, a short distance east of Mexicali, and shot by a firing squad of ten men.

Both men fell at the first shots. Then after a brief wait an officer stepped forward and fired the "mercy shot" into their brains. Beleran seemed unable to breathe, and a soldier fired a third shot into his body.

The firing squad stood about 15 feet from the men. Neither Beleran nor Acero was blinded, and both wore their hats as they faced the firing squad.

Only a few people were at the scene of the execution, but the high ground about one-quarter of a mile from the cemetery was dotted with people.

The trial of the ten men, begun yesterday, was completed early today.

Acero conducted his own defense. He declared he was being shot because he "thought on a higher plane than did others."

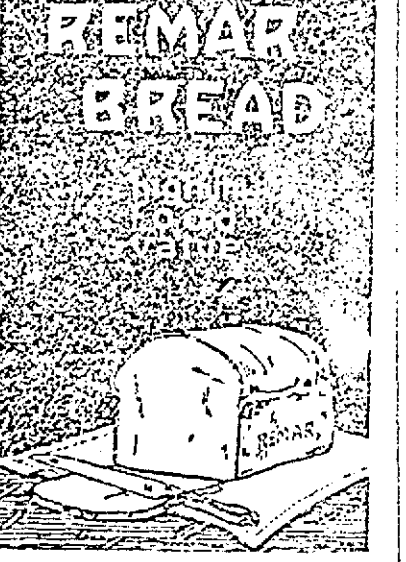

Quiet prevailed here today. The sentences of the six other men convicted ranged from one to seven years at hard labor.

## MRS. M'DONALD, 74, DIES AT HOME

Mrs. Bessie McDonald, widow of the late Joseph B. McDonald, died this morning at her home, 770 Nineteenth street, at the age of 74 years, after an illness of three months. She was surrounded by her children, one of whom, Mrs. A. D. McDonald, was able to reach her bedside from New York.

Mrs. McDonald had lived in Oakland almost fifty years, and all her children were born in this city, where she had many friends. She was taken sick some three years ago, and owing to her age it was decided to send for her daughter, Mrs. A. D. McDonald, wife of the second vice-president and general controller of the Southern Pacific company of New York.

The arrangements for the funeral have not yet been completed. She is survived by two daughters, Mrs. A. D. McDonald of New York City; Mrs. L. Sauer of Oakland, and a son, Charles A. McDonald, also of this city, and by two brothers, Charles Dempsey of Buffalo, N. Y., and John C. Dempsey of New York City.

## Opera Singer Killed as Train Hits Truck

HANAMOND, La., Sept. 18.—Miss Julia Heinrich of Philadelphia, a Metropolitan Opera company singer, was instantly killed here today when she was struck by a baggage truck which was knocked from the Illinois Central tracks by a locomotive.

decided Jess Dorman, an Oakland newspaper man, wrote a little entitled "Last Night," and sent it in. H. L. Brown, author and producer of the show, thought so well of it that he created a place in the play for it, and awarded Dorman a second prize, which will be sung by Miss Mignon Laville, a French opera singer.

## U. S. Note to Japan is Not "a Protest"

WASHINGTON, Sept. 18.—A message has been made public stating Japan had received a friendly communication from the United States asking when Japan will return Kiao Chiao to China. Although the communication was not in the form of a protest, it is believed in official circles that Japan's reply will be identical with Premier Hara's recent statement.

## DRYS TO SEEK FUNDS TO MAKE ALL WORLD ARID

CHICAGO, Sept. 18.—The Anti-Saloon League of America, in conference here today, will map out a campaign to raise a \$5,000,000 fund necessary, according to estimates furnished members of the league yesterday, to bring to a successful conclusion their proposed campaign to "make the world dry."

More than 400 leaders of the dry movement attended the conference held behind closed doors. It was learned that most of the \$5,000,000 would be raised in the United States and that prohibition workers from this country would then be sent into every country on hand to conduct the fight for world-wide prohibition.

## ADELPHIAN ELECTION

## THREE FINED FOR SELLING WORMY FRUIT

Arrested at the instance of Deputy County Horticultural Commissioner D. P. T. Macdonald, A. Quistbace of Milpitas was fined \$100 by Judge George Samuels this morning on his plea of guilty to a charge of selling wormy pears, and K. House of the same place was also fined \$100 for selling wormy apples, while Joe Ollivera of this city paid a \$50 fine for selling inferior apples. Judge Samuels warned the defendants that the sale of wormy fruit must cease. J. J. O'Brien was arrested in connection with the sale of wormy fruit by Quistbace, but on his showing that he did not own the fruit, but merely acted in the capacity of intermediary in getting the fruit to town, the case against him was dismissed.
